MERIDIAN – SYAHI

Competitions provide an incredible platform to unveil their skills, abilities and flairs. More than contests, they develop skill enhancement, personal growth and gives a sense of accomplishment. They encourage striving for excellence, achieving their objectives and bringing out the best of their potential and expertise. Our students of Grades- X, XI and XII have made us proud by winning accolades in the 'SYAHI' competitions held at Meridian, Madhapur.

B. Harshit and S.V.S. Kashyap of Grade- X won the II prize in Junk Genius.

Dhanvi Manugunta, Nihitha Reddy, Shiven, G. Abhinav and Sai Akshit Ram Narella secured II prize in E-cube Eco Entrepreneurship Expo. Their win is a reflection of their diligence and fervor. Huge Congratulations to our talented students!!
