

Interhouse Art Competition

Inter-house Art competition for grades 3, 4 and 5 was held on 26th June, 2024. Art has unique effects on the human body, be it mentally or physically.

As Einstein once said, “Imagination is more important than knowledge”, a pencil or a brush is the easiest tool to help us visualise our inner thoughts and ideas.

The main aim of conducting these competitions is to enhance creativity, increase emotional intelligence and above all a stress buster.

The topics for each grade were different. The children took part actively and showed great enthusiasm.

Inter House Competition – SLOKA Recitation

Grades 3, 4 and 5

Inter-house Sloka recitation for grades 3, 4 and 5 was held on 3rd July, 2024.

Sloka chanting in general, improves the memory and concentration in children. Chanting also improves voice culture, sharpens the intellect and indirectly helps in keeping the mind alert. Chanting slokas improves concentration and enables students to ignore distractions more effectively. The brain stays active and flexible.

The parents and Teachers can instill good values in our kids through reciting slokas. According to research, reciting and memorizing slokas, will also improve children's memory power, and mental health and help them live a stress-free balanced life. It is also believed that chanting of slokas helps boost the immunity system of a child naturally. Chanting of slokas generates rhythmic vibrations that have therapeutic and harmonious effects on the body.

Children reciting the slokas was a great feast for the eyes and ears of the Judges and students as well.

Inter House Competition - Wealth out of Waste

Grades 3, 4 and 5

Inter-house “Wealth out of Waste” competition for grades 3, 4 and 5 was held on 24th July 2024. The “Wealth out of Waste” competition is a unique initiative to encourage students to creatively use waste materials and turn them into useful or decorative items. The primary purpose of the competition is to promote recycling and upcycling waste materials.

By Participating in this competition, students learned about the importance of sustainability and environmental protection. They explored new and innovative ways to use waste materials generated in their homes and turn them into useful products.

The competition focused on bringing an understanding among the children about preserving the environment, by reusing and recycling waste material and showcasing their creativity.

Recycling things is like magic that turns ordinary things into extraordinary. It was really wonderful to see the students transforming scrap material into useful and beautiful articles.

English Cursive Handwriting Competition

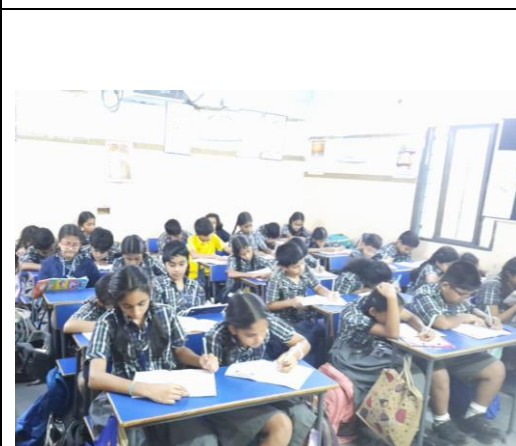

Grades 3, 4 and 5

Handwriting is unique to every individual. It is like a thumbprint. Different and unique for everyone. There are so many aspects involved in handwriting.

Good handwriting may be the last thing on a student's mind. The rush of the hour, the hectic schedules and the volley of assignments to complete take precedence over good handwriting.

The brain has the capacity to retain more information when the matter is written by hand. Therefore, it is very important for students to concentrate on adopting good handwriting because it has its own benefits viz: Improves Confidence, Higher Intelligence, Improved Thinking Skills, and Retention Power.

To encourage and instil awareness among the children, about the advantages of good Handwriting, a competition was held on 7th August 2024. The children participated with a lot of enthusiasm and zeal.

Ganesha Idol-making competition

Grades 3, 4 and 5

Ganesh Chaturthi is a festival which is celebrated all over India to worship Lord Ganesh, is becoming more eco-friendly nowadays. Generally, Ganesh murtis are made of Plaster of Paris and are immersed in water after Ganesh Chaturthi, which harms the water bodies. To bring awareness among our kids our School regularly conducts a competition in making of eco-friendly Idol during Ganesh Chaturthi.

Awareness is being brought in children about eco-friendly Ganesh idols. Eco-friendly Ganesh murtis when immersed in water saves water resources. It protects human health from the usage of harmful colours and chemicals.

During the competition the children put all their artistic skills and the enthusiasm among the student was such high that the entire atmosphere transformed into real Indian culture. The children made Ganesh Idols using clay, vegetables, clothes, jute, grains, natural colours with devotion, passion and creativity.

The competition was held on 28th August 2024.

Second Language Recitation competition

Grades 3, 4 and 5

24th September 2024

Recitation has its own rhythm, music, sounds & beats which are very much helpful for child's language development, cognitive development & emotional development. It helps the students to practice pitch, voice inflection & volume. Through this, a child can understand the words with different meaning but similar sounds.

Children reciting rhythmic poetry learn and understand pitch, voice inflection, and volume.

Children also learn to pick up patterns and sequences in poetry recitations. As they practice memorizing the poetry to recite, it links memory with audio and visual events, helping them develop memorization skills.

Students who recite poetry are aware of breath coordination, movements of the mouth and other physical gestures as they align these to the rhythm in the poetry. They also make use of gestures and facial expressions to connect with their audience on an emotional level.

Keeping in view of the above benefits a competition was held in Recitation of Hindi and Telugu for grades 3, 4 and 5.
