

**DURGABAI DESHMUKH MAHILA SABHA (AMS)**  
**P.OBUL REDDY PUBLIC SCHOOL**

**APPRIISING ALL PARENTS REGARDING THE IMPENDING TRANSPORT STRIKE**

19<sup>th</sup> Nov 2016.

Dear Parent

This is to bring it to your notice about some recent developments in connection with the school transport organisation.

There was an incident where one of the male conductors has misbehaved with a girl student and when this has come to the notice of the Management, the Management has instructed the transport contractor to terminate the services of the said conductor. The transport workers union including the drivers were unhappy about the removal of the conductor and have threatened to go on a flash strike. Here we have to bring it to your notice that the CBSE has instructed all schools that there should be a lady attender/conductor compulsorily in all the buses, where the girl children are travelling. This has led the school to instruct the transport contractor to replace all the male conductors with female conductors (at present only 9 female conductors are there out of 38). The drivers and conductors union are already in a non-cooperative mood and causing inconvenience to the management by going on flash strikes for flimsy reasons and deliberately delaying the buses which is also causing lot of inconvenience to the children and their parents. They have gone to the extent of not cooperating with the transport contractor himself.

As per the instructions of the school, the contractor is likely to give a notice to the male conductors regarding termination of their services in near future. The management expects resentment and trouble from the union and they are likely to disrupt the transport system by going on flash strike. The school seeks the cooperation and indulgence of the parents during the period of disruption, if any, by making their own arrangements for transportation of children. Prior information will be given as soon as the Management comes to know about the likely disruption.

To discuss these issues, the Management likes to have an interactive meeting with all the Parent Representatives on 22<sup>nd</sup> Nov 2016 at 3.30 PM in the school premises. Any other parents other than representatives who are interested in attending the meeting are also welcome.

Management.
