

NATURE CHEERS

ECO CLUB

Classes: 4 and 5

2016-17

Term- 1

"OUR ENVIRONMENT, THE WORLD IN WHICH WE LIVE AND WORK, IS A MIRROR OF OUR ATTITUDES AND EXPECTATIONS."-----*Earl Nightingale.*

MONTH-JUNE AND JULY -PLANTING SAPLINGS & NATURE WALK

World environment day is celebrated on 5th June to raise global awareness regarding the environment, the main aim is to take positive action, protect nature and the planet earth.

"Plant together; lets make the world greener." -- Students of eco club brought saplings and planted in the school. Students brought different varieties of plants including herbal and medicinal plants. Students realised the importance of trees and also had a walk in the school and knew the different types of trees.

MONTH-AUGUST - WATER CONSERVATION

Water is very precious and students of eco club did different models on water conservation and harvesting. They gave their innovative ideas of

saving water. The initiative taken by the Telangana Govt.- Karitha Karam and Mission Bhagiratha was very much followed by the students of eco club.

MONTH-SEPTEMBER-

WASTE MANAGEMENT

Waste management was one of the interesting topics which created interest in the eco students as they realised that many useful things can be created and reused with the waste materials. Wealth out of waste competition was conducted in which students exhibited their creativity. Competition in drawing and coloring on the topic "Save the Earth" was also conducted.

"The proper use of science is not to conquer nature but to live in it."

Mrs. K. Madhavi & Mrs. K.C. Srivani
