

# ENVIRONMENT CLUB- NEWS LETTER

*"Nurture the nature to save environment"*

Young people see a problem and are instantly motivated to act. The school environment club gives students the platform they need to take action on the environmental issues they feel passionate about. Channeling student energy and enthusiasm into an environment club will let students take a leadership role in identifying and achieving the school's environmental goals

## Environment Club Ideas

Our environment club's initiatives can be big or small and may take the form of awareness activities, school events, or programs. The following are some ideas to get you started.

### Activities and Events

- Introductory session followed by cleaning school premises .
- A work shop on Environment Foundation of India.
- Celebrated "Harita Haaram" in the school initiated by Gov. of Telangana.
- Planted more than Three hundred plants in school premises and in butterfly garden .
- Deliver environmental presentations to peers.
- A final report by club members on their Eco activities.
- Conducted a field trip to ICRISAT .

"Harita Haaram" on 13<sup>th</sup>

August 2016

A Visit to ICRISAT on
