

# PARAGLIDING OF CLASS - I

*Paragliding is the recreational and competitive adventure sport of flying paragliders : lightweight, free-flying, foot-launched glider aircraft with no rigid primary structure.*

***WOW** what an experience gained by the little kids of class-I who took part in paragliding session that was conducted by Kaushik Aero Sports at kompally on 20th of october 2016 (Thursday)*

***Our students have really enjoyed the ride and were very much thrilled to go on paragliding.***

***Now they are eagerly waiting for one more chance to enjoy it again.***

***Thanks  
to  
the  
Wonderful  
Team  
of  
paragliding.***
