

“READ WITH ME”

“Reading is to the mind, what exercise is to the body”

Reading books not only improves language skills but also stimulates one’s creativity and imagination to have a better perspective and understanding of the world. So to inculcate reading habits in children, our school has taken an initiative called “Read with me” by inviting either parents or any experts in the language field to do a reading session for middle school. Principal Ms. K.Vinitha inaugurated the session with class VI students during the 6th 7th & 8th periods in the auditorium on 30th July, 2024.

It was an amazing session where each and every child was mesmerized by the story of “The Little Prince” written by Antoine de Saint- Exupery.

Students enjoyed the story and learnt that reading is the best activity to enhance creative skills and excel in all the fields .
