

FIELD TRIP – GRADE 1 & 2

On August 2nd, 2024, P. Obul Reddy Public School organized field trips for the students of Grade I and Grade II. The students of grade I went to Chacha Nehru Park located at Masab Tank and the students of Grade II went to Shilparamam located at Hi-tech City.

Major attractions of Chacha Nehru Park include lush greenery, walking trails, birdwatching, long lawns and ample space for walkers. There was also the regular amusement set up for children - slides, swings, see-saws, etc. The students enjoyed a great time at the park's playground. Their faces were lit up with joy as they ran around and played in the park. The students watched with excitement as a flock of birds soared overhead.

Visiting Shilparamam is a colourful showcase of Indian culture and craftsmanship. As the students explored the cultural village, they encountered a diverse array of traditional arts and crafts, including handwoven textiles, detailed wood carvings, and colourful pottery. The students had a chance to see artisans at work, explaining the significance of their techniques and the history behind their crafts.

Overall, the trip to Chacha Nehru Park and Shilparamam was both educational and entertaining, leaving the students with lasting memories of green spaces, India's cultural and artistic diversity.
