

GRADE 3 FIELD TRIP TO ARCHEOLOGICAL MUSEUM

Field trip is a chance to take children out of the classroom and to have new, exciting experiences with the aim of making learning more engaging, memorable, and relevant. Students of class III went on a field trip to **'STATE ARCHEOLOGICAL MUSEUM'** on August 14th, 2024. Walking through the halls of a museum, students saw ancient artifacts, intricate paintings, and sculptures. It provided them with an opportunity to immerse themselves in various forms of art, history, and culture.

Established during the British rule and thanks to the last Nizam's efforts, who made this museum as a treasure trove of history with artifacts from the 1940s. Highlights include stone sculptures, modern paintings, bronze works, manuscripts, textiles, and even a 2,353-year-old Egyptian mummy! Students explored and enjoyed the trip.

CLASS 4 STUDENTS FIELD TRIP TO BIRLA PLANETARIUM AND MUSEUM

The students of Class 4 were taken on a field trip to 'Do Science Park', a hands-on science centre located near Sanjeevaiah Park, Hyderabad on 14th August, 2024. It has nearly 30 exhibits explaining the scientific principles of the models.

At the science centre, students had the opportunity to learn through their interaction with the exhibits. The equipments and experimental setups are laid out in the open and each exhibit is accompanied by pictures and graphics. By slipping hands through each exhibit, students were able to understand common science concepts including gravity, working of pendulums, pulleys and levers, echo tube, periscope, Newton's cradle, anamorphic mirror etc. They had a good game of Chess with huge squares and pieces, a balancing act with logs of wooden cubicals as well.

To add to it all, there is a beautiful herbal garden with as many as six dozen herbal plants with their scientific names displayed. Students noted the names of the plants and learnt

about their uses. This field trip kindled an enjoyment of science in children.

CLASS 5 STUDENTS FIELD TRIP TO BIRLA PLANETARIUM AND MUSEUM

On 14th August 2024, class 5 students visited the Birla Museum and Planetarium in Hyderabad. The purpose of the visit was to enhance the students' understanding of scientific principles, astronomy, and cultural history through interactive and educational exhibits.

The **Birla Museum**, renowned for its diverse exhibits, offered students a deep dive into historical artefacts, scientific models, and cultural displays. The museum's collections span various disciplines, including archaeology, geology, and ethnology.

The **Birla Planetarium**, known for its state-of-the-art technology and immersive experience, provided students with a comprehensive introduction to astronomy and space science. The planetarium's shows and interactive displays offered a captivating exploration of the universe.

The visit provided practical examples that complemented theoretical knowledge, enhancing students' understanding of subjects related to history, geology, and astronomy. The students thoroughly enjoyed the trip.
