

## WORKSHOP ON DIGITAL WELL-BEING & CYBER SECURITY

DDMS AMS P.Obul Reddy Public School organised a workshop on “Digital Well-being & Cyber Security” on 3<sup>rd</sup> & 4<sup>th</sup> of September, 2024 for students of classes VIII & IX in the school auditorium by Mr. B. Vijay Anand and Ms. Maya Aripirala from END Now Foundation group, to sensitize students on Cyber Crimes, Digital wellbeing and precautionary measures to be taken to avoid them. Students gained knowledge about the types of cyber bullying and steps to be taken for a better online safety.

The session was profoundly enriching and insightful. It was an eye opener for the students as they were made aware of the latest cybercrimes and frauds, and were motivated to be cyber safe themselves and guide people around them to be cyber safe as well.
