

## PRE-PRIMARY

### FIELD TRIP REPORT

On 12.09.24 (Thursday), Classes LKG AND UKG embarked on an exciting field trip to the Fire station at JubileeHills. The trip aimed to educate children about Fire safety and provide a fun filled experience in a natural setting.

At Fire station, children were greeted by friendly fire fighters who showed around the fire station. They explained the different equipment and vehicles used in firefighting, including the fire truck with rescue materials. The children enjoyed trying on firefighters' helmets and learnt about the importance of fire safety.

The Field trip was a huge success, providing valuable learning experiences and memories for children. They gained insight into the critical work of Firefighters and enjoyed the trip.

Children thanked the Fire station crew for their hospitality and support.

## NURSERY - FIELD TRIP REPORT

On 13.09.24 (Friday), Students of Nursery class embarked on an exciting field trip to the KBR Park at Jubilee Hills.

The trip aimed to provide a fun and interactive learning experience for children, exploring nature and promoting physical activity. The children enthusiastically moved around the park developing their gross motor skills.

Children showed curiosity and interest in seeing the Peacocks around. During the picnic, students practiced social skills, sharing food with friends.

The Field trip was offering a unique learning experience outside the classroom. The children had wonderful time and enjoyed.
