

Learning log for the month of 2016 Class-1

November is the penultimate month. This whole month is very pleasant with lovely climate & blossoming colourful chrysanthemum flowers.

“Success belongs to those who acts boldly without being afraid of consequences”

In the month of November we celebrate children’s day as it is the birthday of our reverend prime minister Pundit Shri Jawaharlal Nehru.

Childrens’ day (also known as Baal Divas) in India is celebrated every year on 14th of November to increase the awareness of people towards the rights, care and education of children. Children are the key success and development of the country as they would lead their country in different and new technological way.

“No kid is unsmart .Every kid is genius at something.”

Though the Annual day practice will be going on briskly, During the month of November we have planned to take up the following activities.

THEME: Festivals
