

WEEKLY LEARNING PLAN  
CLASS: LKG

Week No: 32

Dates: 2th to 7th January 2017

Dear Parent,

BLOCK COMMENTARY

**From the Desk of the LKG Teachers:**

This week we are going to tell you about the Early Programme lesson on **Hot and Cold.**

In this lesson, students will be able to recognise and identify conditions of Temperature like 'hot' and 'cold' and differentiate between them.

Students will listen to stories and songs to learn about hot and cold things. They will dip their hands in warm and cold water, look at pictures of hot and cold things such as food items and clothes and compare them, identifying differences in both.

Students will recognise 1 less than in numbers up to 9 by using manipulative. They will also order a variation of 3 things based on their size using comparison words. They will match some familiar words with their pictures. They will also identify and match the words that rhyme.

Rather than simply learning some rhyming words by rote, students learn these words in the context of the theme **Hot and Cold** that they are exploring and not as independent words.

At home, encourage your child to read some familiar words from books and try to identify the words that sound the same. Encourage him/her to identify the temperature of things in terms of 'hot' and 'cold'.

Warm Regards

Class	LKG-A	LKG-B	LKG-C	LKG-D
Class Teacher	Ms.B.Usha	Ms.D.V.V.Padmavathi	Ms.P.Aruna	Ms.Ch.Aruna
