

# MATH WORKSHOP

Organised by RAMANUJAN  
MUSEUM & MATH EDUCATION CENTRE  
RESOURCE PERSON – A.T.B BOSE

Topic : A touch and feel math workshop for teachers of classes 1- 10 using manipulatives.

Venue : Hotel grand plaza, Nampally

Date : 2<sup>nd</sup> August 2016

Teacher attended : Neelam Majhi

It was altogether a new experience attending this workshop. The topics discussed in this workshop are number, fraction and area. More focus was on how to give hands on experience to the students than just by rote learning. With the help of these manipulatives students will discover the concepts themselves.

WHEN THEY WORK IN GROUP THEY HAVE TO  
WAIT FOR THEIR TURN.

DEVELOP LEADERSHIP.

LEARNING TEAM WORK.
