

# WORKSHOP - MATH FANTASTIC

*Date: 19/11/2016 Saturday*  
*Conducted by ARKBIRD PUBLICATIONS*  
**Speaker: Ms. BINDHU KUMAR**  
**Venue : MINERVA HOTEL AMEERPET.**  
**Teachers : Ms.V.Jahansi Rani & D. ANURADHA**

A workshop was conducted by ARKBIRD publications for I to V classes on their Math Fantastic text book.

It was mainly based on different aspects of teaching and learning Mathematics.

Mrs.Bindhu the speaker mainly stressed on different methodologies to be followed while teaching a concept. She asked to introduce a new concept with a small story so that children can grasp easily and can remember. She also said that always the language should be in simple words where children feel comfortable and catch easily.

She also gave few tips how to introduce and explain Roman numerals with a rhyme. Next Ms.Bindhu explained how to deal with Hands on Experience methodology. It was interesting. She made all groups to do activities for different classes and topics.

She explained how to introduce tables using Even numbers and few tables counting on fingers as Hands on Experience.

She concluded the session with a few examples on Vedic maths.
