

STORY TELLING SESSION

ATTENDEES: PRE PRIMARY CHILDREN

RESOURCE PERSON: **MS. RENU CHAMARTHI**

Our school organized a story telling session for classes Nursery, LKG, UKG in the school on 23rd January by Ms. Renu Chamarthi (story teller and puppeteer). "Storytelling" has the power to transport us to new worlds, evoke emotions, and foster connections. The story addressed essential life skills, such as empathy, self-awareness, and friendship, helping students develop emotional intelligence.

- Children actively participated in the session by listening and making connections to the story. Her storytelling style effectively managed and maintained a positive and respectful atmosphere. Children demonstrated an understanding of the story's moral and themes, displaying critical thinking skills.

The story session was an over whelming, captivating our Pre- Primary children and fostering a love for reading. We thank for her effort in creating a memorable experience for our children.
