

ITC'S–WELL-BEING OUT OF WASTE (WOW)

The students of DDMS (AMS) P. Obul Reddy Public school, actively participated in the Inter-School Recycling Championship Program, which was conducted by ITC Limited, from the 23rd of April,2024 to the 25th of April ,2024. Young PORPIANS took an active role in saving the environment and made the program, a great success.

As part of the exchange program, students brought old books, notebooks, papers, e-waste etc. and exchanged them with new notebooks and stationeries from ITC.

A total of 1017 students participated and contributed 9880MTs for the Inter-School Recycling Championship (ISRC). This is really an excellent contribution by students and the school.

We appreciate the students' efforts and their overwhelming response for saving the environment.
