

HOME SCIENCE SHOWCASE

The Home Science Department of DDMS (AMS) P. Obul Reddy Public school had organized a one-day fest on 23rd December, 2024. The fest aimed to showcase the practical applications of Home Science, enhance student creativity, and provide a platform for interaction between students and customers.

The primary goals of the fest were:

- To promote awareness in the diverse fields of home science
- To foster creativity and skill development among the students
- To learn about price making and profit raising
- To learn about crowd management and team delegation

The organising committee comprised of the students of Home science in 11th grade was responsible for various tasks such as arranging materials, baking, packing and organizing the schedule. The Fest was inaugurated at 10:00 AM by Sri S V Rao, Chairman, DDMS P.Obul Reddy Educational Academy, Sri E.Narasimha Rao, Honourable Secretary, DDMS P. Obul Reddy Educational Academy .The Principal Ms.K Vinitha along with the Vice Principals and Headmistresses also attended the event.

The students set up two stalls, one for the Textile and Nutrition division of Home Science. The Textile stall included bookmarks, tie and dye ,scrunchies and bandanas (all handmade). The Nutrition stall included Brownies, Cake Pops and Ragi (finger millet) Biscuits.

Overall, the fest was a huge success, achieving its goal of promoting creativity and skill development in the field of Home Science.
